

FACTORY 4.1™ / FACTORY 4.1C™ SYSTEMS AND SLIP-ON MUFFLERS

- Complete systems and slip-on mufflers
- Systems feature titanium PowerBomb header and midpipe, except where noted
- Factory 4.1 muffler available in natural titanium or blue anodized titanium with titanium end caps
- Factory 4.1C muffler constructed from carbon fiber with titanium endcaps
- The lightest mufflers and full systems available
- Superior power and performance – horsepower improved throughout the rpm range
- Features exclusive proprietary Chamber Core and PowerBomb technology
- Factory Forward Engineering centralizes mass, improves handling
- Ti or carbon muffler with titanium endcaps, midpipe and PowerBomb header
- Made from premium quality American materials
- Customize with performance tuning inserts and spark arrestor module
- Meets AMA sound requirements on most models; inserts available for others
- RCT stands for Resonance Chamber Technology; creates an effect that lowers decibels and increases the life of muffler packing
- Internal ducts in the chambers of the RCT system increase volume for improved exhaust flow, resulting in power gains throughout the entire range of power

TITANIUM POWERCORE SLIP-ON MUFFLERS

- Incredible horsepower gains with 99 dB sound level or less
- Titanium construction with American TIMETAL® canister and rear end cap
- Designed with FMF's exclusive Factory Forward Engineering – lowering the center of gravity and centralizing mass
- Utilizes advanced multistage packing material and a Hi-Flo stainless steel formed front end cap and mid-pipe
- Removable spark arrestor included and optional 94 dB insert available separately; see page 37
- Natural or blue anodized muffler body

Q4

Q4 Ti

THE Q SERIES SLIP-ON MUFFLERS

- The Q series features advanced engineering to precisely locate baffles and chambers to absorb sound
- Less mass to enhance power-to-weight ratio
- Quiet power with minimal sacrifice for performance

Q4

- Developed over years of championship off-road racing
- Twin-stage core design for lower sound output and extended life of packing material
- Comes standard with spark arrestor

Q4 Ti

- Developed over years of championship off-road racing
- Max sound output 96 dB; most models below 94 dB
- American TIMETAL® canister and end caps
- Comes standard with spark arrestor

POWERCORE 4 SA SLIP-ON MUFFLERS

- Hi-Flo end cap boosts all-around performance
- Computer designed and dyno tested for every 4-stroke application
- Enhanced sonic evacuation delivers a higher flow of exhaust gases which increases power
- A stainless steel mid-pipe mates to the computer-designed rear can for lightweight durability
- Round perforated steel inner cores make for optimum flow, using hi-flo technology
- FMF's exclusive cross-weave internal packing provides longevity and maximum sound dispersion
- Elliptical aluminum can offers strategic sizing for superior performance
- Optional Quiet Core insert will provide a decrease in sound level if desired
- Features a screen-type spark arrestor that is approved by the U.S.E.S. and does not interrupt exhaust flow or performance

APEX SLIP-ON MUFFLERS

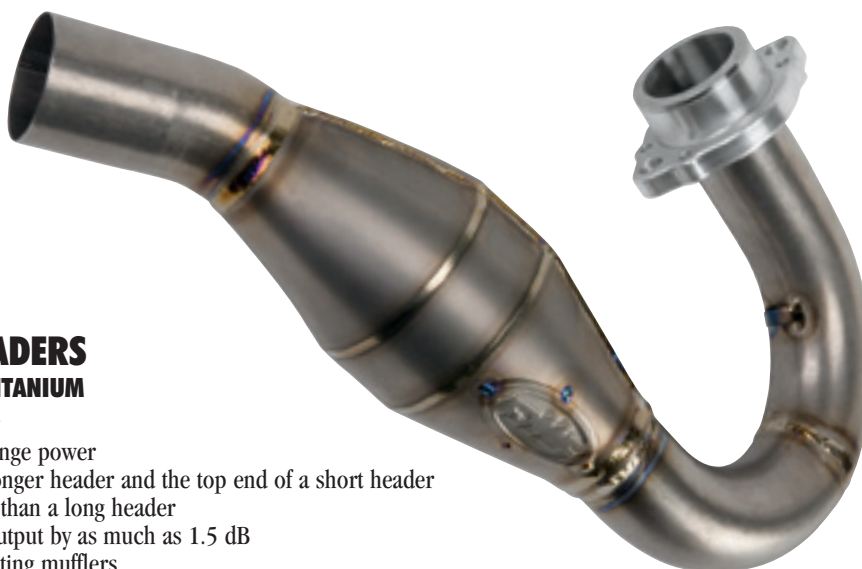

- FMF introduces the most advanced slip-on on the market
- Feature a diamond shape or cylindrical shape developed to incorporate with today's aggressive and streamlined bike body lines
- Constructed of aerospace-quality stainless steel, carbon fiber and titanium in two combinations
- Muffler outlet shape mirrors canister shape for great look – enables high outflow rate
- Integrated fit to maximize clearance when riding around corners
- Hand crafted in the U.S.A.

FITS MODEL	DESCRIPTION	PART #
KTM		
690 SMC/Enduro 08	Titanium/carbon slip-on muffler	1821-0867
	Carbon/titanium slip-on muffler	1821-0866

MEGABOMB HEADERS STAINLESS STEEL AND TITANIUM

- The ultimate power booster
- Improved bottom to mid-range power
- Produce the low end of a longer header and the top end of a short header
- Less susceptible to damage than a long header
- Effectively reduces sound output by as much as 1.5 dB
- Run well with sound-restricting mufflers
- Available in stainless steel or FMF's exclusive Ti-Metal construction

POWERBOMB HEADERS

STAINLESS STEEL AND TITANIUM

- Utilize FMF's patented module precisely located at the initial stage of the header for specific applications
- Position "Bomb" increases performance
- Horsepower is increased as much as 10%
- Act as "pre-muffler" helping to lower the decibel output
- The expansion and contraction of exhaust sonics through the system causes increased flow
- Available in stainless steel for strength combined with light weight and in titanium for even greater weight savings
- Select applications available in SX version that is designed for more low to mid-range power and an MX version that is focused in the mid-to-upper rpm range

¹ For use with Factory 4 muffler.

² Replacement header for FMF full systems.

HI-FLO HEADERS

STAINLESS STEEL AND TITANIUM

- Available in both single- and dual-port systems, giving excellent weight savings combined with performance habits that help make every 4-stroke excel
- Designed to enhance low to mid rpm power, which increases tractability
- Maximize exhaust and improve ergonomics for performance-minded 4-stroke riders
- Tuned for bottom to mid performance
- Stainless steel for strength and light weight or titanium for even greater weight savings

GOLD SERIES PIPES

- The most copied expansion chamber in the world
- All Gold Series pipes are computer designed and dyno tested to focus power gains where each machine needs it most
- Every pipe goes through the Tru-Flo stamping process to ensure quality performance and optimum fit
- Different pipes for selected models allow fine-tuning of a bike's powerband; Fatty pipes offer better bottom and top power; Gnarly improves low- to mid-power with a little less on top than stock

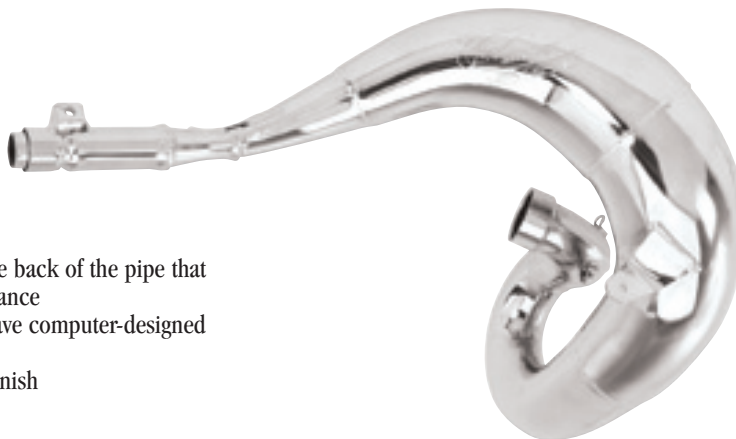

GOLD SERIES FATTY™ PIPES

- Computer designed and dyno tested to make power gains where each machine needs them the most
- Tru-Flo stamping process ensures a perfect fit and optimum performance
- Constructed of strong 19-gauge steel with a nickel-plated finish

GOLD SERIES GNARLY™ PIPES

- Power gains are focused toward bottom and mid, with a goal of increased tractability
- An excellent off-road pipe, and a winner for tighter tracks
- Built with tough 18-gauge steel

GOLD SERIES SST PIPES

- The fastest pipe on the planet
- SST technology is dictated by the trademarked module on the back of the pipe that accelerates exhaust flow and substantially improves performance
- Using FMF Tru-Flo manufacturing technology, SST systems have computer-designed dimensions that mate to the SST module
- Constructed of strong 19-gauge steel with a chrome-plated finish

FACTORY FATTY PIPES

- Based on the successful exhaust pipe used by pro riders
- Cone section is shaped like the original Fatty but with new features
- Constructed with two thicknesses of steel
- 19-gauge steel used on the header portion for optimum strength and durability; 20-gauge steel on body and rear section for increased weight savings
- Seams are hand pounded after stamping process for that factory look
- Come in a raw, unplated, oiled finish

Q STEALTH SPARK ARRESTOR SILENCERS

- High performance and quiet are forefront in a new 2-stroke version of the 4-stroke Q Series
- Q Stealth utilizes advanced sound technology to produce more off-road opportunities

POWERCORE 2

- The most popular 2-stroke silencers in FMF's arsenal
- The elliptically shaped bodies with perforated core perform well in any condition
- Equipped with a Performance Flow end cap and nickel-plated front stinger

SHORTY AND SST SILENCERS

- The Shorty Silencer is the most desirable silencer for supercross performance
- Overall length of canister and core is shorter to improve the hit of your machine
- The SST Shorty Silencer is the heart and soul of the SST power package; required on some models when installing an FMF Gold Series SST pipe

TI-2 SILENCERS

- Tagged as the lightest silencer made, the Ti-2 is the direct result of FMF's commitment to factory-level racing
- A full factory-level racing silencer provides stunning performance

TURBINE CORE II-Q SPARK ARRESTOR SILENCERS

- Spark legal muffler system meets the 93 dB sound level set by the U.S. Forest Service
- Long oval canister and internal technology provide optimum flow

TURBINE CORE II SPARK ARRESTOR SILENCERS

- Straight-through design of the spark arrestor canister and the Performance Flow stainless steel end cap ensure strength, durability and unrestricted power
- Turbine Dampening System provides U.S.E.S. legal status

POWERCORE AND TURBINE CORE SILENCERS

- Power Core silencers give your bike a deep works-like tone while providing optimum, dyno-tuned performance
- Silencer body is constructed of 6061 T6 grade aluminum with machined mounts and a clear anodized finish to bring out the shine
- FMF also offers the Turbine Core spark arrestor system which eliminates the exhaust restriction associated with conventional spark arrestors

RMX250 93-98	TurbineCore spark arrestor silencer	FMF-SA951 ⁴

¹ Requires use of FMF silencer.

² Requires use of FMF pipe.

³ Required when using an SST pipe.

⁴ Will not work with OEM pipe.

⁵ For use only with OEM pipe.

APEX SLIP-ON MUFFLERS

1811-1638

- FMF introduces the most advanced slip-on on the market
- Feature a diamond shape developed to incorporate with today's aggressive and streamlined sport bike body lines
- Constructed of aerospace-quality stainless steel, carbon fiber and titanium in several combinations
- Muffler outlet shape mirrors canister shape for great look – enables high outflow rate
- Integrated fit to maximize clearance when riding around corners
- Hand crafted in the U.S.A.

¹ Actually an oval muffler.

POWERCORE S SLIP-ON MUFFLERS

- Moto-GP style slip-on mufflers
- Titanium mufflers available in natural finish
- Provide power response across the rpm range with no loss of off-idle performance and with perfect performance characteristics for the above-average, aspiring street rider
- No special jetting needed

NOTE: Some products may not be legal for sale or use on pollution controlled vehicles, check your local laws and the manufacturers' information.

NOTE: It is recommended that new exhaust gaskets and a proper jet kit be installed when changing an exhaust system on a carbureted motorcycle. It is recommended that new exhaust gaskets and a Power Commander be installed when changing an exhaust system on a fuel-injected motorcycle. See the Engine section for exhaust gaskets and the Fuel Systems section for jet kits and Power Commanders.

NOTE: There is no warranty on exhaust pipes and mufflers with regard to any discoloration. Discoloration (blueing) is caused by tuning characteristics, i.e. cam timing, carburetor jetting, etc., and is not caused by defective manufacturing. See the Lubes section for products that will help prevent or remove blueing.

For competition use only on closed tracks

FACTORY 4.1™ SYSTEMS AND SLIP-ON MUFFLERS

- Complete systems and slip-on mufflers
- Systems feature titanium PowerBomb header and midpipe, except where noted
- Slip-on muffler available in natural titanium, blue anodized titanium or carbon fiber with titanium end caps
- Titanium slip-on mufflers include a stainless steel midpipe; carbon fiber slip-on mufflers include a titanium midpipe
- The lightest mufflers and full systems available
- Superior power and performance – horsepower improved throughout the rpm range
- Features exclusive proprietary Chamber Core and PowerBomb technology
- Factory forward engineering centralizes mass, improves handling
- Made from premium quality American materials
- Customize with performance tuning inserts and spark arrestor module

POWERCORE 4

- New modular end cap allows easy tuning alterations
- Standard Hi-Flo 2" end cap boosts all-around performance; optional smaller 1 3/4" end cap smoothes power delivery; spark arrestor module adds off-road versatility
- Computer designed and dyno tested for every 4-stroke application
- Enhanced sonic evacuation delivers a higher flow of exhaust gases which increases power
- A stainless steel mid-pipe mates to the computer-designed aluminum rear can for lightweight durability
- Square or round (depending on the machine) perforated steel inner cores make for optimum flow, using hi-flo technology
- FMF's exclusive cross-weave internal packing provides longevity and maximum sound dispersion
- Elliptical aluminum can offers strategic sizing for superior performance
- Optional Quiet Core insert will provide a decrease in sound level if desired
- PowerCore 4 SA features a patented screen-type spark arrestor that is approved by the U.S.E.S. and does not interrupt exhaust flow so there's no performance loss
- The PowerCore 4 SA system's strategic ports allow the sonics to evacuate more effectively with the computer-designed Performance Flow end cap
- Finally, the PowerCore 4 SA system is the power standard via square inner-core technology; big weight savings over stock

⁵ Dual system.

⁶ Complete system; includes stainless steel header.

POWERLINE 4-STROKE MUFFLERS

- An exhaust system tough enough for your utility ATV
- Made of 100% stainless steel; increases power and reduces unnecessary weight
- Dyno tested and computer designed for maximum results
- Exhaust noise levels stay down because of the low restriction, sound-canceling inner chambers; there is no fiberglass packing to replace or blow out
- 2" rolled outlet tube on the end cap
- Mufflers are durable and maintenance-free

MEGABOMB HEADERS

- The ultimate power booster features exclusive Ti-Metal construction
- Improved bottom to mid-range power
- Produces the low-end of a longer header and the top-end of a short header
- Less susceptible to damage than a long header
- Runs well with sound-restricting mufflers; effectively reduces sound output by as much as 1.5 dB

POWERBOMB HEADERS STAINLESS STEEL AND TITANIUM

- Utilize FMF's patented module precisely located at the initial stage of the header for specific applications
- Position "Bomb" increases performance; horsepower is increased as much as 10%
- Acts as "pre-muffler" helping to lower the decibel output
- The expansion and contraction of exhaust sonics through the system causes increased flow
- Available in stainless steel for strength combined with light weight

YZ450F/ WR450F 03-06	Stainless steel	FMF044033
YZF450 04-10	Stainless moto	FMF044033
YZF450R 09-10, YZ450X 10	Stainless steel	1832-0070
YFM660R Raptor 01-05	Stainless steel	FMF040074
YFM700 Raptor 06-10	Stainless steel	1832-0038

HI-FLO HEADERS FOR POLARIS 500 PREDATOR 03-07

- Excellent weight savings combined with performance habits that help make every 4-stroke excel
- Designed to enhance low to mid rpm power, which increases tractability
- Maximize exhaust and improve ergonomics for the performance-minded 4-stroke riders
- Stainless steel for strength and light weight and tuned for bottom to mid performance

PART # 1832-0003

4-STROKE EXHAUST REPLACEMENT PARTS AND ACCESSORIES

1860-0103

1860-0104

FMF040197

1861-0043

DESCRIPTION	PART #
FACTORY 4.1	
Spark arrestor	1861-0170
1 3/8" Rev tube	1861-0173
Quiet Core insert	1860-0435
POWERCORE 4	
Quiet Core insert for Titanium PowerCore	1860-0103
Spark arrestor for Titanium PowerCore	1860-0104
Short strap mount w/o rings	FMF040196
Medium strap mount w/o rings	FMF040197

DESCRIPTION	PART #
POWERCORE 4 (CONT)	
Long strap mount w/o rings	FMF040198
TITANIUM 4	
Aluminum cone cap w/ spark arrestor screen	FMF040176
Quiet Core insert	FMF040177
Repl. spark arrestor screen	FMF040184
Repl. springs and clips	FMF040186
Short strap mount w/ rubber	FMF040187
Medium strap mount w/ rubber	FMF040188

DESCRIPTION	PART #
TITANIUM 4 (CONT)	
Long strap mount w/ rubber	FMF040189
HEAT SHIELD	
Universal stainless steel	
header heat shield	1861-0043
Universal titanium header heat shield	1861-0169
POWERLINE	
Powerline end cap	FMF040223

SPRING/O-RING KIT

- Springs for Honda and Yamaha ATVs

DESCRIPTION	PART #
HONDA	
TRX250R FourTrax 86-89	FMF011385
YAMAHA	
YZF350 Banshee 87-06	FMF011319

SILENCER REPACK KITS

- Owens-Corning fiberglass replacement packing keeps silencers performing as they're meant to

DESCRIPTION	PART #
2-stroke	FMF12-002
4-stroke	FMF12-004
Pillow pack muffler repacking kit	1860-0390
Carbon muffler repacking kit	1860-0101

GOLD SERIES PIPES

- The most copied expansion chamber in the world
- All Gold Series pipes are computer-designed and dyno-tested to focus power gains where each machine needs them most
- Every pipe goes through the Tru-Flo stamping process to ensure quality performance and optimum fit
- Different pipes for selected models allow fine-tuning of a bike's powerband – SST pipes are a new industry benchmark; Fatty pipes offer better bottom and top power; Gnarly improves low- to mid-power with a little less on top than stock

GOLD SERIES FATTY™ PIPES

- Computer-designed and dyno-tested to make power gains where each machine needs them the most
- Tru-Flo stamping process ensures a perfect fit and optimum performance
- Constructed of strong 19-gauge steel with a nickel-plated finish

GOLD SERIES GNARLY™ PIPES

- Power gains are focused toward bottom and mid, with a goal of increased tractability
- An excellent off-road pipe, and a winner for tighter tracks
- Built with tough 18-gauge steel
- Used by National Enduro champion Mike Lafferty and Team Suzuki

GOLD SERIES SST PIPES

- The fastest pipe on the planet
- SST technology is dictated by the trademarked module on the back of the pipe that accelerates exhaust flow and substantially improves performance
- Using FMF Tru-Flo manufacturing technology, SST systems have computer-designed dimensions that mate to the SST module
- Constructed of strong 19-gauge steel with a chrome-plated finish

POWERCORE 2 SILENCERS

- The most popular 2-stroke silencer in FMF's arsenal
- Provide a strong performance edge for any 2-stroke machine
- Elliptically shaped body with perforated core performs well in any condition, providing performance enhancements while reducing noise output
- Lightweight extruded oval canister design
- Equipped with a Performance Flow end cap and nickel-plated front stinger
- Offer easy maintenance and are completely repackable

POWERCORE SILENCERS

- PowerCore silencers give your bike a deep works-like tone while providing optimum, dyno-tuned performance
- The silencer body is constructed of 6061 T-6 grade aluminum with machined mounts and a clear anodized finish to bring out the shine
- Anodized and nickel plated
- Repack without any special tools

TURBINECORE 2-Q SPARK ARRESTOR SILENCERS

- FMF Racing's "woods" silencing system
- Spark legal muffler system meets the 93 dB sound level set by the U.S. Forest Service, which makes it the quietest 2-stroke legal performance spark arrestor made
- Long oval canisters and internal technology provide optimum flow characteristics while enhancing sound absorption
- The result – superior sound-deadening characteristics and excellent power
- Stop noise pollution without robbing power

TURBINECORE II SPARK ARRESTOR SILENCERS

- Low-maintenance, lightweight and power-retaining are terms not usually associated with a spark arrestor – not until FMF's TurbineCore II
- Turbine Dampening System provides U.S. Forest Service legal status
- Straight-through design of the spark arrestor canister and the Performance Flow stainless steel end cap ensure strength, durability and, most importantly, track- and trail-proven unrestricted power

TURBINECORE SPARK ARRESTOR SILENCERS

- FMF's Turbine Dampening Separator (TDS) baffle design eliminates the exhaust restriction associated with conventional spark arrestors
- Compact design is nearly identical in size and performance to FMF's standard silencer
- Canister is easily disassembled for cleaning and replacement of silencer packing material
- U.S. Forest Service approved

PIPES AND SILENCERS FOR HONDA 2-STROKES

FITS MODEL	DESCRIPTION	PART #	SUG. RETAIL
ATC250R 85-86	Fatty pipe	FMF-H12	\$229.95
	PowerCore silencer	FMF-610	99.95
	TurbineCore spark arrestor silencer	FMF-SA610	119.95
TRX250 FourTrax 86	Fatty pipe	FMF020017	229.95
TRX250R FourTrax 87-89	SST pipe	FMF-SST-H42 ¹	249.95
	Fatty pipe	FMF-H42	229.95
	PowerCore 2 silencer	FMF-6206	115.95

FITS MODEL	DESCRIPTION	PART #	SUG. RETAIL
TRX250R FourTrax 87-89 (CONT)	TurbineCore II-Q spark arrestor silencer	FMF020482	\$159.95
	TurbineCore II spark arrestor silencer	FMF-SA6206	149.95

¹ Must be used with FMF silencer.

PIPES AND SILENCERS FOR YAMAHA 2-STROKES

FITS MODEL	DESCRIPTION	PART #
YFS200 Blaster 88-06	SST pipe	FMF020439 ²
	Fatty pipe	FMF-Y37
	PowerCore 2 silencer	FMF-8204
	TurbineCore II spark arrestor silencer	FMF-SA8204 ¹
	PowerCore 2 SST silencer	1831-0015 ³
	TurbineCore II SST spark arrestor silencer	1831-0016 ³
	TurbineCore II-Q spark arrestor silencer	FMF020483
YFZ350 Banshee 87-06	SST pipe	FMF-SST-Y44 ²
	Fatty pipe	FMF-Y44 ⁴
	Gnarly pipe	FMF-Y45 ⁴
	SST silencers	FMF-SST-8205 ³
	PowerCore 2 silencers	FMF-8205 ¹
	TurbineCore II spark arrestor silencers	FMF-SA8205 ¹

FITS MODEL	DESCRIPTION	PART #
YFZ350 Banshee 87-06 (CONT)	TurbineCore II SST spark arrestor silencers	FMFSA-SST8205 ³
	TurbineCore II-Q spark arrestor silencers	FMF020484 ¹

¹ Must be used with FMF pipes.

² Requires use of SST silencer.

³ Must be used with SST pipes.

⁴ Must be used with FMF silencer.

PIPES AND SILENCERS FOR POLARIS 2-STROKES

FITS MODEL	DESCRIPTION	PART #
Predator 90 03-04	Fatty pipe w/ silencer	FMF025018
Trailblazer 250 99-06	Fatty pipe with spark arrestor silencer	1830-0250
Scrambler/Sport 400 98-02	Gnarly pipe	FMF-M28
	TurbineCore II spark arrestor silencer	FMF-SA5250

PIPES AND SILENCERS FOR KAWASAKI 2-STROKES

FITS MODEL	DESCRIPTION	PART #
KFX50 03-06	TurbineCore system	FMF023035 ¹
KFX80 03-06	Fatty pipe	FMF023037 ²
	TurbineCore spark arrestor silencer	FMF023036 ³
	PowerCore silencer	FMF023038 ³

¹ Complete system.

² Must be used in conjunction with FMF silencers.

³ Must be used in conjunction with FMF pipes.

PIPES AND SILENCERS FOR SUZUKI 2-STROKES

FITS MODEL	DESCRIPTION	PART #
LT50 01-04	TurbineCore system	FMF023035 ¹
LT80 Quad Sport 87-06	Fatty pipe	FMF023037 ²
	TurbineCore spark arrestor silencer	FMF023036 ³
	PowerCore silencer	FMF023038 ³
	Fatty pipe	FMF-S11
LT250R Quad Racer 85-86	TurbineCore spark arrestor silencer	FMF-SA909 ⁴
	PowerCore silencer	FMF-909 ⁴
	PowerCore silencer	FMF-910
LT250R Quad Racer 87-90	PowerCore silencer	FMF-910
LT250R Quad Racer 91-92	Fatty pipe	FMF-S13
	PowerCore silencer	FMF-913
	TurbineCore spark arrestor silencer	FMF-SA952

FITS MODEL	DESCRIPTION	PART #
LT500R Quad Racer 87-90	Fatty pipe	FMF-S15
	TurbineCore spark arrestor silencer	FMF-SA911
	PowerCore silencer	FMF-911

¹ Complete system.

² Must be used in conjunction with FMF silencers.

³ Must be used in conjunction with FMF pipes.

⁴ Use in conjunction with OEM mid-pipes.
